

NASDCTEc Vision for Career Education	Delivering Career Education in Missouri
CTE is critical to ensuring that the US leads in global competitiveness.	Goal 2: Provide support for essential career education service programs to enhance the future economic development of Missouri.
CTE actively partners with employers to design and provide high-quality dynamic programs.	Goal 3: Real-world applications are provided to students through appropriate career-focused learning opportunities.
CTE prepares students to succeed in further education and careers.	<p>Goal 4: Provide high-quality professional development activities that promote rigor, relevance, and relationships to increase student outcomes.</p> <p>Goal 5: Develop a seamless transition for students between secondary and postsecondary institutions.</p> <p>Goal 6: Every student will have a Personal Plan of Study.</p>
CTE is delivered through comprehensive programs of study aligned to the National Career Clusters Framework.	<p>Goal 1: All curricula define relevant instructional competencies, academic knowledge, and technical skills, and are aligned to applicable state academic and industry-based standards and assessments.</p> <p>Recommendation 2: Invest in Strategies to Spur POS System Development</p>
CTE is a results-driven system that demonstrates a positive return on investment.	<p>Recommendation 1: Evaluate the Career Education Delivery System</p> <p>Recommendation 3: Reevaluate Career Education Funding</p>
